CONTRACT /ORDER NO:		Prime Contract: W911SO-D-0046 (MICC Fort Eustis) Subcontract: SS027-LT014-TO-02 (CALIBRE)
SUBCONTRACT TYPE: FFP		
LOCATION OF PERFORMANCE: Fort Irwin/NTC, CA		
PERIOD OF PERFORMANCE: 15 August 2012 – 14 August 2015 (with all options exercised)		
DESCRIPTION OF WORK PERFORMED		
<p>PULAU is executing daily operations at the NTC MILES (Multiple Integrated Laser Engagement System) Warehouse in support of training conducted for the Rotational Brigade, Augmentees, home station and visiting units. MILES Warehouse personnel perform activities related to receipt, inventory, accountability, issue, turn-in, shipment, and storage of MILES equipment required to support training.</p>		
RELEVANCE TO PROPOSED FUNCTIONAL AREAS		
3.15	Measurement Facilities, Range, and Instrumentation Support	PULAU provides MILES warehouse support at the NTC; MILES is instrumentation used with rotary winged and ground vehicles as well as ground troops to support simulated fire exercises. The MILES equipment and its network of communications and electronics equipment is used to capture exercise data and later play it back during After Action Reviews.
3.16	Logistics Support	PULAU technicians are providing life cycle support for all applications of the MILES equipment at the NTC during rotational exercises. For example, PULAU provides contact team support during training exercises to re-supply trainees in the field, and to retrieve damaged equipment.
3.17	Supply and Provisioning Support	PULAU is responsible for the issue, receipt and storage of more than 200,000 individual items of MILES and associated equipment. During NTC rotational periods the MILES Warehouse is open 7 days a week, 12 hours a day to support customer issue and turn-in of equipment. PULAU conducts a 100% monthly inventory of sensitive and hazardous items, and 10% monthly inventories of all other Government Furnished Property (GFP) items. PULAU is in the processing of affixing barcodes to all equipment to further streamline the supply and provisioning process.
3.18	Training Support	PULAU employees train customers on how to install and use MILES equipment.
3.19	In-Service Engineering, Fleet Introduction, Installation, & Checkout Support	PULAU employees performs preventive maintenance on MILES equipment and batteries, and forwards MILES equipment needing repair to the MILES repair facility.
